

Independent Voters

Registered No Party Preference

Methods to Cast a Vote in the Primary Election

Independent voters and those without a party preference can vote in Primary Elections but cannot vote in Presidential Preference Elections.

In Arizona's Primary Elections, independents may request to vote in the Republican or Democrat Primary. If you are on the Active Early Voting List, you must make your request before the Elections Department can send you a ballot at [BeBallotReady.Vote](https://www.maricopa.gov/BeBallotReadyVote).

Active Early Voting List (AEVL)

AEVL voters will receive a postcard in the mail to select a preferred ballot: Democrat race, Republican race, or City of Chandler only ballot. Return the postcard by mail, and the requested ballot will be mailed starting **July 3**. Independent voters on the AEVL who do not choose a ballot or do not return the postcard will not receive a mailed ballot in the primary election. Any City of Chandler content will appear on the ballot for both parties, so all Chandler voters will be able to vote for Chandler candidates and measures.

Early Voting Ballot Request

To request an early ballot be mailed, contact the Maricopa County Elections Department by phone or request online at request.maricopa.vote. You will be asked to select a preferred ballot: Democrat race, Republican race, or City of Chandler only ballot. The last day to request an early mailed ballot is **July 19**.

On Site Early Voting

Voters can vote in-person, get a replacement ballot, or drop off their voted early ballot at an on-site early voting location **July 3 - July 26**, and on **Election Day July 30**.
