

# Pine Shadows Park Improvements

Project Information Presentation  
November 2022 | Project PR2109.202

# Agenda

- Presentation Objectives
- Park History & Purpose
- Project Objectives
- Project Improvements
- Project Schedule & Next Steps
- Community Input
- How You Can Help

# Presentation Objectives

- Provide a brief history of Pine Shadows Park and the need for potential park improvements
- Share with you some of the considerations when determining what type of improvements may be planned

- Explain how you can provide your input or contact the project team
- Provide a current project schedule and how you can stay up-to-date on our progress

# Park History & Purpose

- Pine Shadows Park is 5.42 acres in size and was originally constructed in the early 1990's and serves as the neighborhood park for the area bounded by Kyrene Road, Rural Road, Ray Road, and Chandler Boulevard.
- As a “neighborhood park”, it provides a place for residents to play, relax, and visit with neighbors, friends and family.
- Existing park amenities include a walking path, playground, lighted sand volleyball court, picnic tables/seating, and open turf space.
- The open turf or grassy area also serves the purpose of a retention basin for drainage during large stormwater events.

## What is a Neighborhood Park?

Neighborhood parks in Chandler typically serve neighborhoods within one-square mile and are generally one to ten acres in size. These parks are located to be within walking distance of users. Amenities typically include playgrounds, ramadas, sport courts (basketball, volleyball, outdoor exercise equipment, where appropriate), lighted walking paths, and open turf areas. Amenities not included in neighborhood parks are parking lots, restrooms, splash-pads, and formal athletic fields.

# Pine Shadows Park

# Existing Conditions

# Project Objectives

- As a part of the recently completed Parks Strategic Master Plan, updating neighborhood parks was a high priority.
- Pine Shadows Park has been identified as needing improvements.
- Chandler contracted with Dig Studio to identify and design park improvements.
- The project will make upgrades to existing components and consider additional components, if needed.

# Project Improvement Considerations

The following improvements will be considered as part of the project:

- Turf & Irrigation Improvements
- ADA Improvements
- Lighting Upgrade to LED
- Sand Volleyball Court Renovation
- ADA Sidewalk Improvements
- Enhanced Park Entry
- Site Furnishings (e.g., benches, picnic tables, trash receptacles, drinking fountain, BBQ grill, etc.)

# Also being considered . . .

Park neighbors have expressed an interest in adding a lighted basketball court to the park.

The proposed location for this court would be at the southwest corner of the park.

# Project Schedule & Next Steps

- Virtual Project Information Presentation – Nov. 22
- Community Input – Nov. 22
- Develop Park Design Concept – Dec. 22
- Update web/project info with community feedback – Jan. 23
- Implement improvements – Fall 2023/Spring 2024

# Community Input

- Your input is important! Community input will help shape the planned park improvements
- Please take a moment to complete our brief on-line survey
- No time for a survey? Send us an email with your thoughts or contact our project line

# How you can help

- On-line survey – available at the link on the webpage

**SURVEYS ARE APPRECIATED  
BY NOV 28, 2022**
