

Business Location Team

MISSION

To help office, industrial and retail businesses navigate the tenant improvement permit process. This free resource offers support from knowledgeable City staff from the Economic Development, Development Services, Fire, and Planning divisions.

WHY DO A BLT MEETING?

This program has a proven track record of helping Chandler businesses save time and money. It is strongly encouraged that companies take advantage of this free resource before signing a lease or purchasing a building.

THE MEETING

A team of City experts will walk the site with you; provide immediate feedback on building code, fire code, and zoning-related questions; and continue to provide support after the meeting.

YOUR ROLE

It remains the role of your design team and contractor to design the plans for permitting, submit for permits, as well as follow all city requirements to pass inspections.

COMPANY TESTIMONIAL

“When we were looking to consolidate our Arizona operations from four buildings into one larger existing building, this program gave us the opportunity to walk through the building in advance with decision makers and actively addressed all the questions we had related to building code, fire code, and zoning items. We saved a lot of time and money throughout the build-out process.”

Darmel Richardson, Vice President
State Seal Company
