None (Actual Pass-thru)
Public Works & Utilities							
Small Wireless Facility							Other City Fee Ranges:
City Wide Fee Schedule Reference: (New insert into section 7.1.6) City Code CH. 46-10.3	N/A	Application Fee - Pole exceeding 50ft in height	Wireless Providers as defined in A.R.S. 9-594(E)	None	\$1,000/application	A.R.S. 9-594 (E) allows the City to assess a one-time fee up to \$1,000 to approve an application for a Small Wireless Facility to be installed in the right-of-way and utility easements if the height of the new pole exceeds 50 feet in height.	Prescribed by statute and commonly adopted in cities across the state.
City Wide Fee Schedule Reference: (New insert into section 7.1.6) City Code CH. 46-10.3	N/A	Small Wireless Facility Consolidated Application Fee - Per Existing Pole, Sites 1-5	Wireless Providers as defined in A.R.S. 9-593	None	\$100/application/existing Poles 1-5	A.R.S. 9-593 (D) allows small wireless facility applicants to file a consolidated application for the collocation of up to 25 small wireless facilities on existing poles if the collocations each involve substantially the same type of small wireless facilities and substantially the same type of structures. A.R.S. 9-593 (J) allows the City to assess a one-time application fee of up to \$100 for each of the first five small wireless facility sites consolidated under a single application.	Prescribed by statute and commonly adopted in cities across the state.
City Wide Fee Schedule Reference: (New insert into section 7.1.6) City Code CH. 46-10.3	N/A	Small Wireless Facility Consolidated Application Fee - Per Existing Pole, Sites 6-25	Wireless Providers as defined in A.R.S. 9-593	None	\$50/application/existing Poles 6-25	A.R.S. 9-593 (D) allows small wireless facility applicants to file a consolidated application for the collocation of up to 25 small wireless facilities on existing poles if the collocations each involve substantially the same type of small wireless facilities and substantially the same type of structures. A.R.S. 9-593 (J) allows the City to assess a one-time application fee of up to \$50 for each small wireless facility site after the first five sites consolidated under a single application.	Prescribed by statute and commonly adopted in cities across the state.
City Wide Fee Schedule Reference: (New insert into section 7.1.6) City Code CH. 46-10.3	N/A	Annual Right-of-Way Use Fee - Pole exceeding 50ft in height	Wireless Providers as defined in A.R.S. 9-594(E)	None	\$450 per year per pole	The Telecommunications Act of 1996 allows local government to require fair and reasonable compensation, on a competitively neutral and nondiscriminatory basis, for use of the right of way. ARS 9-594 (E) reinforces this ability by allowing the City to assess a fee for use of the right of way if the fee is limited to direct and actual costs of managing the right of way.	Unlike other small wireless facility fees, state law allows cities to determine their ROW use fee for poles taller than 50 feet. Mesa - \$1,000/year Gilbert - \$200/year Phoenix - two fees for different pole types over 50ft - \$5,000/year and \$10,000/year Scottsdale - \$50/year. Many cities are assessing the "actual cost of the ROW" on a case by case basis.
