## LICENSED HOSPITAL BEDS

243

Expansion is under-way to add a 153,000 square foot tower, increasing the number of licensed beds to more than 300.

## A LEGACY OF COMMUNITY HEALTHCARE

Since 1961, Chandler Regional Medical Center has been at the heart of the health and well-being of our community. Its humble beginnings as a true community hospital, which opened with only 40 beds, 25 employees and 91 volunteers, laid the foundation for the full-service acute-care hospital it has become today.

Today, Chandler Regional is a 243 bed non-profit facility with more than 2,000 employees, 350 volunteers and over 850 doctors on staff representing all major specialties. In 1999, Chandler Regional joined the Catholic Healthcare West (CHW) system of hospitals. With 40 hospitals in Arizona, California and Nevada, CHW is the eighth largest healthcare system in the nation.

Through the years, Chandler Regional has become one of the city's largest employers and has earned "Best Place to Work" among Valley companies. It has experienced physical growth, adding both to its bed count and service offerings. And it continues to give back to the community through its community grant initiatives, outreach programs and support groups. It has been ranked by *Arizona Business Magazine's* Ranking Arizona as the #1 Medium-Size Acute Care Hospital in 2008, 2009 and 2011, and received the 2010 Business Diversity in Action Award from the Chandler Chamber of Commerce.
