Connecting Neighborhoods Using Neighborhood Link

- Neighborhood Link is a service that provides neighborhood organizations with their own **free** interactive Web site. Neighborhood Link Websites improve resident communication both within specific neighborhoods and between different neighborhood groups. In just minutes, Neighborhood Link can help you create interactive neighborhood websites that include:
- Resident contact information
- Neighborhood newsletter and history
- Community events calendar
- Online resident discussion board
- Links to city government and sites of interest
- Customized web pages
- And **MUCH MORE!!**

Creating Your Website

1. Visit the Neighborhood Link home page at www.neighborhoodlink.com.
2. Click on "Activate Your Neighborhood Web Site" in the left portion of the page.
3. Scroll down to the last paragraph and click on "contact us via email.."
4. Complete the Contact Information Form.
5. Click the "send" button on the form, and follow the instructions on your email confirmation
6. That's it...your neighborhood is online!!

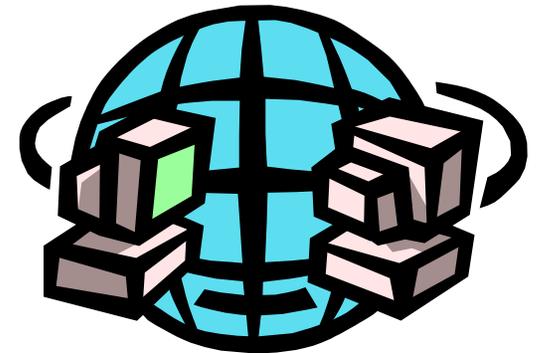

System Requirements

- One of the benefits of using Neighborhood Link is it's "user friendly" design and straightforward applications. There is no need for any advanced knowledge of computer hardware or software. There are however, a few basic requirements for using Neighborhood Link:
 - If you use Internet Explorer as your Web browser, it must be version 4.0 or higher.
 - If you use Netscape as your browser, it must be version 4.0 or higher.
 - Your system must have cookies and Java script enabled.

Neighborhood Website Example

Carino Estates (www.carinoestates.org) The neighbors of Carino Estates have worked hard to create an excellent site full of useful information. They have created a detailed list of groups and committees, articles, events and informative links.

Join the many neighborhood groups that have found the value in using the World Wide Web as a communication tool.
