

# What's new In Water Conservation?

## Rebate Programs

### Landscape Conversion Rebate - Up to \$3,000

Utility customers that replace turf with low-water use landscape can receive two hundred dollars per 1,000 square feet of converted area, up to a maximum of \$3,000. After conversion, a minimum of 50% of the total landscapable area converted must be non-grass with approved low-water use plants. Hundreds of low water use plants can be found at [www.chandler.watersavingplants.com](http://www.chandler.watersavingplants.com)

### Weather-Based "Smart" Controller Rebate - \$250

A rebate of ½ the cost of the controller up to \$250 is available for using a weather-based, or "Smart", irrigation timer. The "Smart" controller uses plant water requirements, weather data, and site information such as soil moisture, rain, wind, slope, soil and plant type automatically adjust watering times and frequency, up to 365 times a year.

Each resident is eligible to receive one (1) controller rebate. HOA, commercial or industrial customers are eligible for up to five (5) controller rebates.

### New Landscape - \$200

Landscape installed at a new residence may be eligible for a \$200 rebate.

1. The entire front and back yards must be landscaped.
2. The total landscapable area must exceed 1,000 square feet.
3. After installation, a minimum of 50% of the landscapable area must be non-grass, with inorganic or organic top dressing along with drought-resistant trees, shrubs, groundcovers, flowering perennials, succulents, etc.

# Free Programs

## Free Landscape & Irrigation Workshops

Offered spring and fall, these workshops are designed to help you maintain your landscape, use water more efficiently and still have a lush-looking yard. All workshops/classes are free of charge to Chandler utility customers, but advanced registration is required as space is limited.

- Water Wise Edible Gardening
- Basic Yard Makeovers
- Pruning & Maintaining Your Landscape
- Create Your Own Oasis
- Chandler 'Smart' Home — Chasing Sneaky Leaks
- 'Smart' Irrigation Controllers
- Irrigation Maintenance & Repair
- Yard Watering & Timer Instruction
- Drip Irrigation Design & Maintenance

To register online and for more information please visit [www.chandleraz.gov/water](http://www.chandleraz.gov/water)

## Schedule a Free Water Audit

Have you experienced a higher than normal water bill and didn't know where to turn? As part of this program, a Chandler Water Conservation Specialist will tour your property to help troubleshoot potential leak or overwatering situations. Residents typically save up to 40 percent on their water bills after following water conservation advice.

## Interior Retrofit

If your home or apartment was built prior to 1990, you may be eligible for free or low cost plumbing fixtures including low-flow showerheads, faucet aerators, and toilet displacement bags. Contact the Water Conservation office for details.
